Report of IEEE Xtreme 14.0 A 24 Hour Programming Competition Hosted by IEEE GCET SB

Date of the online coding Contest: 24th Oct 2020 (5:30 AM) to 25th Oct 2020 (5:30 AM)

No. of Participants: 26

No. of Teams participated: 09

About IEEE Xtreme 14.0:

IEEE Xtreme 14.0 is a global coding challenge in which teams of IEEE Student members are advised and proctored by an IEEE Member during their participation in the competition. The event is supported by an IEEE Student Branch where the participating teams compete for a span of 24 - hours against the other teams to solve a set of programming problems.

The 14th Edition of IEEE Xtreme was held virtually for 24 hours on 24th October 2020 where 3706 teams competed with the support of 1451 proctors across the globe.

Some statistics about IEEE Xtreme 14.0:-

Teams Registered - 4557

Submissions - 99408

Compiles - 105086

Example Runs - 134590

Custom Runs - 299469

IEEE Xtreme at GCET:

IEEE Members at GCET have been Competing, Learning, and Evolving through IEEE Xtreme for 03 years. Every year, the IEEE GCET SB is hosting the competition at the college but due to the pandemic situation, our Student Branch hosted the IEEE Xtreme 14.0 successfully by connecting the students virtually from their residences. Students Participated with enthusiasm in this 24-hour programming competition. Participants as a team worked together and all the registered teams successfully completed the tasks. This coding competition helped them to strengthen their coding skills.

The Computer Society Chapter of our college has come up with the unique initiative of **Code Hour**, a daily coding practice session focusing on improving the skills and exposure to competitive coding to the student members using the HackerRank platform. There was an increase in the number of participants from IEEE Xtreme 13.0 to IEEE Xtreme 14.0. This year 9 teams with 26 participants had participated in the 24-hour programming contest from our SB.
